## CAMERA-READY HANDBOOK PREPARATION & SUBMISSION MANUAL

### INTRODUCTION

Thank you for choosing School Datebooks. This camera-ready handbook preparation and submission manual explains the setup and submission process. For best results, follow these guidelines and submit file as a PDF. Contact your customer service representative if you have any questions or concerns regarding this process.

### PREPARING YOUR CAMERA-READY FILES

- It is **very important** to use the correct page setup when submitting your text for print (see page 2).
- Online templates are available, based on the size of the book you have ordered. For Microsoft Word templates, go to [www.schooldatebooks.com](http://www.schooldatebooks.com) and click “Submission Guides”. Adobe InDesign templates are also available; to find out more, please contact your customer service representative at 800.705.7526.

### PROOFING YOUR HANDBOOK

- **PROOFING YOUR HANDBOOK IS ESSENTIAL.**
- Proof it once, twice, and a third time. We recommend having different people review and get “fresh eyes” on the layout.
- **WYSIWYG** – What You See Is What You Get! If it’s on the layout you send to us, it will be in your handbook.
- Make sure any dates and years are correct and reflective of the upcoming school year.

### SUBMITTING INFORMATION

- 1** We prefer print-ready PDF files for camera-ready information. However, if you prefer to send us native files, be sure to **PACKAGE** your InDesign files to include fonts, images, and any additional files. These can be submitted as a .ZIP or other compressed format to ensure all files are uploaded.
- 2** Login to the Zone™ to upload your camera-ready handbook and any other book-related materials. Your order confirmation email included a link to your Zone site.
- 3** Upload your handbook by selecting **handbook options** from *Your Notifications*, or click ‘Visit Handbook’ on the dashboard. Follow the steps to upload all of your files and submit them to School Datebooks.
  - Once your files are submitted, School Datebooks will generate a proof. You will then have an opportunity to make sure everything is appearing as expected, and select any filler pages needed to fill out your contracted page count.

*See Page 2 for page setup details!*

### CAMERA-READY HANDBOOK SUBMISSION CHECKLIST

Use the following checklist prior to uploading your document(s). Only submit final files. School Datebooks will not make changes or corrections to the documents.

- Is your page setup (page size and margins) correct based on book size? Using incorrect page setup may result in your handbook content not fitting as expected.
- We suggest exporting a print-ready PDF for submission. If you are uploading the native files, have you packaged your files to include all fonts, images, and additional files used?
- Do you have a Table of Contents? If so, have your page numbers been checked for accuracy?
- Has your school name changed and is this reflected throughout the document?
- Have you checked your document for spelling or grammatical errors?
- Do you have pages that will be torn out? If so, make sure that tear-out page is an odd-numbered page, followed by a blank, even-numbered page.

**Note:**

- If you include copyrighted material, be sure you have approval to use it.

# PAGE SETUP FOR CUSTOM BOOK CAMERA-READY HANDBOOK

## ADOBE INDESIGN

### SMALL BOOK (5.5" x 8.5")

Width: 5.5 in Units: Inches

Height: 8.5 in Orientation: Portrait

Pages: 8 Facing Pages:

Start #: 1 Primary Text Frame:

Columns: 1 Column Gutter: 0.1667 in

Margins: Top: 0.375 in Bottom: 0.375 in Inside: 0.4375 in Outside: 0.3125 in

### MIDSIZE BOOK (6.625" x 9")

Width: 6.625 in Units: Inches
