PRINT-READY HANDBOOK PREPARATION & SUBMISSION MANUAL

INTRODUCTION

Thank you for choosing School Datebooks. This print-ready handbook preparation and submission manual explains the setup and submission process. For best results, follow these guidelines and submit file as a PDF. Contact your Account Manager if you have any questions or concerns regarding this process.

PREPARING YOUR PRINT-READY FILES

- It is **very important** to use the correct page setup when submitting your text for print (see page 2).
- Online templates are available, based on the size of the book you have ordered. For Microsoft Word templates, go to www.schooldatebooks.com and click "Resources". Adobe InDesign templates are also available; to find out more, please contact your Account Manager at 800.705.7526.

PROOFING YOUR HANDBOOK

- **PROOFING YOUR HANDBOOK IS ESSENTIAL.**
- Proof it once, twice, and a third time. We recommend having different people review and get "fresh eyes" on the layout.
- **WYSIWYG** – What You See Is What You Get! If it's on the layout you send to us, it will be in your handbook.
- Make sure any dates and years are correct and reflective of the upcoming school year.

SUBMITTING INFORMATION

- 1** We prefer PDF files for print-ready information. However, if you prefer to send us native files, be sure to **PACKAGE** your InDesign files to include fonts, images, and any additional files. These can be submitted as a .ZIP or other compressed format to ensure all files are uploaded.
- 2** Login to the Zone™ to upload your print-ready handbook and any other book-related materials. Your order confirmation email included a link to your Zone site.
- 3** Upload your handbook by selecting **Start Handbook** under your order for this year, or click on the 'Handbook' icon. Follow the steps to upload all of your files and submit them to School Datebooks.
 - Once your files are submitted, School Datebooks will generate a proof. You will then have an opportunity to make sure everything is appearing as expected, and select any filler pages needed to fill out your contracted page count.

See Page 2 for page setup details!

PRINT-READY HANDBOOK SUBMISSION CHECKLIST

Add a blank after the tear-out
